EDUCATION

Biomedical Science, Bachelor of Science (BSc.)

JAN. 22' - CURRENT

York University, Toronto

Related Project:

- **LionPrideFinds Augmented Reality App** (See [link](#)): APR. 24'
 - Led a team of 4 developers and designers to build a Unity-based AR platform which enhanced the campus experience for students and alumni
 - Integrated Mapbox and Google Maps APIs to create an interactive map highlighting key campus locations

EXPERIENCE

Technical Support Consultant | Rogers Communications

MAR. 22' - APR. 23'

- Provided technical support to 25+ customers on a daily basis; resolved internet, TV, and home phone connectivity issues efficiently with minimal supervision
- Installed, configured, and optimized customer networks virtually which ensured all IT systems function smoothly and improved compatibility within the homes of 2000+ customers
- Demonstrated excellent verbal and written communication skills with a proven ability to identify customer needs and respond professionally, consistently ensuring customer satisfaction

Multi-Department Specialist | Food Basics

JUN. 17' - APR. 20'

- Developed 3 years of exceptional customer relationship management skills; addressed the needs of 30+ customers daily, offering product knowledge, logistical support, and empathetic service
- Entrusted with opening and closing duties, overseeing security, inventory checks, and ensuring smooth

operations at Brampton's top revenue-generating location

- Trained new hires on work ethic, store protocols, and inventory management; boosted team efficiency and fostered a highly collaborative, results-driven work environment

PROFESSIONAL DEVELOPMENT

Google UX Design Professional Certificate | *Coursera*

OCT. 24' - PRESENT

Design Thinking Workshop | *IBM*

OCT. 24'

- Implementing IBM's Observe, Reflect, Make framework, we ideated a better way for diverse and dispersed teams to communicate

Responsive Web Design | *freeCodeCamp*

APR. 22'

- Gained hands-on experience in building accessible, mobile-first websites with HTML, CSS, and flexbox/grid layouts
